SUPERSOLID

MAGNA SUPER SOLID

Get all the benefits of Magna Super Solid Technology!

- Self-cleaning and non-directional tread pattern
- High reliability and long tread life
- Excellent traction
- No down time

Magna Super Solid Tyres

MAGNA SUPER SOLID

SUPERSOLID

MAGNA TYRES develops and manufactures high quality tyres for construction and mining purposes, especially designed for the most severe applications.

Magna Super Solid tyres are of superior quality designed for the toughest applications on industrial vehicles with a risk of impact and damage.

These Super Solid tyres are stable, puncture resistant and maintenance-free with a high loading capacity for forklift trucks and other industrial applications.

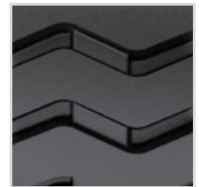

Especially designed for applications such as scrap yards, slag steel mills, glass works, dumping sites, waste sites and loading fields.

New improved technology of the high-tech casing reduces heat build up inside the tyre.

Standard

MA601

Tyre size	Pattern	O.D. (mm)	S.W. (mm)	T.D. (mm)	Tyre weight (kg)	Load capacity (kg)				Rim
